# FREE STANDING SCULPO

Sculpo Free Standing divides spaces while improving modern visual layout and sound comfort. A very handy, extremely lightweight product, with simple design, makes a good fit for all types of workspaces. It can work as an element of a modular system, which allows to create easy free standing combinations.

- PET material (20mm)
- Round Corners
- Acoustic properties
- Eco-friendly
- Fire-retardant
- Push-pin surface
- Extremely lightweight
- Easy to create free-standing structures with connectors
- Easy to assemble

With a push-pin surface of 20mm thickness and round corners, the product is designed to have minimalist shapes, giving an elegant, modern and efficient touch to the office space.

Made from eco-friendly materials, offering a ecological solution within contemporary interior design, PET technology is a felt material that doesn't emit toxins into the air.

The fixing system is composed of two elegant wood with metal feet, and it is extremely easy to assemble. Fixing system included.
